

CAT 988B WITH FORKS

- Specially designed lifting forks
- Loader is able to fetch and carry full reels of conductor up to 30,000 lb capacity
- Loader is able to load reel stands on site, thus negating the need for an on-site crane or to pull fully loaded trailers over rough terrain
- Due to the versatility of this machine, fewer laborers are required at the tensioning site
- No need for a service crane to unload incoming materials
- Original bucket can be easily exchanged for fork lift attachment adding to the versatility of the machine
- This machine is available for rent or purchase
